CLASSIC POMEGRANATE SAUCE "NARLI" Is a separate sauce based on pomegranate juice. Similar sauces are widespread in the cuisine of Asia, Turkey and Iran. Despite its simple composition, pomegranate sauce is able to saturate the taste of dishes, giving them a sour-sweet hue. The original sourness whets the appetite, and the rich spicy-fruity range of taste completes the gastronomic composition.

Recommended for use in a wide range of products. You can use the products both for the marinade and when serving ready-made dishes from fish, meat, poultry and even vegetables. Pomegranate sauce is very popular with children and can be a great alternative to sauces with less organic ingredients.

Ingredients: pomegranate juice, sugar.

Product Highlights: organic, vegetarian friendly, halal ingredients, lactose and gluten free.

POMEGRANATE CHICKEN CURRY SAUCE NARLI

POMEGRANATE CHICKEN CURRY SAUCE "NARLI" Is a separate sauce based on a mixture of curry spices (typical of Eastern cuisine, in particular Indian) and pomegranate sauce. The sauce well emphasizes the taste of chicken and lamb, and due to its noble taste, it can complement the taste of vegetable dishes. In addition, curry can be used as a seasoning for rice and even other cereals.

Recommended for use as an additive to ready-made meals, and for use as a component in the preparation of hot dishes and sauces.

Curry spice mixture has firming, tonic and antibacterial properties. It is an antifungal and antimicrobial agent. Curry helps heal skin conditions such as psoriasis, eczema and acne. The spice speeds up metabolism, which means it helps to lose weight.

Ingredients: pomegranate sauce, coriander seeds, cumin, red hot pepper, fennel, ginger, cardamom, cloves, black pepper, allspice.

Product Highlights: organic, vegetarian friendly, halal ingredients, lactose and gluten free.

POMEGRANATE SALAD PHYTO SAUCE NARLI

POMEGRANATE SALAD PHYTO SAUCE "NARLI" based on olive oil and pomegranate sauce with the addition of spices is a salad dressing - an auxiliary seasoning designed to give salads additional taste (piquancy, juiciness, sweetness, acidity) and combine the ingredients of the salad with each other.

The extra virgin olive oil as a component of sauce is an excellent choice to add to salads, because it promotes better absorption of nutrients from vegetables. Monounsaturated fats provide the most efficient absorption of carotenoids, antioxidant pigments found in fruits and vegetables.

Carotenoids are pigments that contribute to the vibrant red or orange color of fruits and vegetables and are good for the heart and eyes.

It is recommended to use for salads both based on fresh vegetables and fruits, and heat-treated ones.

Ingredients: cold pressed olive oil, pomegranate sauce, coriander seeds, bay leaf, rosemary, allspice, mustard seeds.

Product Highlights: organic, vegetarian friendly, halal ingredients, lactose and gluten Free.

POMEGRANATE MARINADE SAUCE NARLI

POMEGRANATE MARINADE SAUCE "NARLI" based on soy sauce, sea salt and pomegranate sauce with added spices is a dressing for pretreatment of food. The main purpose of the marinade is to add flavor and aroma to meat, poultry, fish and vegetables before cooking.

Natural sea salt, which is a part of the marinade, has a pronounced therapeutic effect, stimulates regenerative processes in tissues, improves skin elasticity, has antiseptic, anti-inflammatory and analgesic properties, relieves stress and increases vitality. It has a beneficial effect on the cardiovascular system, helps with diseases of the musculoskeletal system, radiculitis, polyarthritis, stimulates metabolic processes in the body.

It is recommended to marinate the food that you want to heat-treat at least 30 minutes, but no more than 24 hours before cooking. The marinating process should preferably be carried out in the plus section of the refrigerator.

Ingredients: pomegranate sauce, vegetable oil, soy sauce, thyme, black pepper, garlic.

Product Highlights: organic, vegetarian friendly, halal ingredients, lactose and gluten free.

HONEY ALMOND RELISH NARLI

SPICY HONEY WALNUT RELISH NARLI

SPICY HONEY WALNUT RELISH "NARLI" based on natural honey, walnuts, sea salt and seasonal vegetables and **HONEY ALMOND RELISH "NARLI"** based on natural honey, almonds, sea salt and seasonal vegetables. These are separate spreads that can replace a full meal and diversify an already prepared dish as a sauce.

Recommended as a spread on sandwiches. Also perfect as a ready-made sauce for pasta, cereals, meat, poultry, fish and vegetables.

Walnut is useful for diseases of the cardiovascular system: potassium and magnesium in its composition strengthen the walls of blood vessels, normalize blood pressure and lower cholesterol levels. Magnesium also has a positive effect on the state of the genitourinary system and has a diuretic effect, which is shown in congestion. Zinc and iodine in walnuts are beneficial for skin, hair, nails and thyroid gland. Vitamins C and E have antioxidant properties, slow down the aging process and reduce the influence of negative environmental factors.

Almond is beneficial due to the natural composition. It is considered an excellent source of calcium, iron, magnesium, phosphorus and potassium. It contains a lot of B vitamins (B1, B2, B3, B5, B6, B9), as well as tocopherol (vitamin E). Almonds are good for the heart and blood vessels, as they contain many unsaturated fats, amino acids and minerals. For people aged 50+, almonds can help cope with dementia and Alzheimer's disease. The plant antioxidants found in nuts normalize sleep and relieve senile insomnia and seasonal depression.
